## 6. ELIGIBILITY

Eligibility for the New Zealand Music Awards 2020 is defined by Recorded Music NZ to be:

### 1. RECORDINGS

- A. Unless otherwise specified, only recordings released during the eligibility period (1 August 2019 to 31 July 2020) are eligible.
- B. 'Release' is defined as the date the recording was first officially commercially available through legitimate physical and/or digital outlets in New Zealand.
- C. A recording may be entered in more than one non-genre category.

- D.** A recording may not be entered in more than one genre category.
- E.** Unless otherwise specified, multi-artist compilations are not eligible. For the avoidance of doubt, if multiple artists contribute individual tracks to an album project and are listed individually on the album packaging, the project will be considered a multi-artist compilation. If multiple artists collaborate on album and the album packaging only refers to a single group, artist or producer's name, this will be considered as an album by a single group, or artist and therefore eligible. To ensure a group or artist is eligible in these situations, Recorded Music NZ recommends that special attention be paid to how songs and guest artists are billed on the album packaging.
- F.** A recording featured on a multi-artist compilation can be nominated for the Breakthrough Artist of the Year and Mana Reo categories, provided the recording was first released within the eligibility period (1 August 2019 to 31 July 2020).
- G.** To be eligible for the New Zealand Music Awards all recordings must be commercially available for sale through recognised physical or digital retail channels. Sales through artist websites or artist performances may be included at the sole discretion of Recorded Music NZ. Proof of sales will be required.
- H.** Re-released recordings are not eligible. This includes 'deluxe', 'bonus disc', 'tour edition' versions of previously released recordings.
- I.** Unless otherwise specified, so called 'Best Of' or 'Greatest Hits' albums are not eligible. For the avoidance of doubt a new recording or new recordings featured on a best of or greatest hits album may be eligible for Single of the Year, provided the track meets the criteria of that award, however the album would remain ineligible.
- J.** Where the entered release comprises more than one disc, the discs must be sold only as 'one set' to qualify.
- K.** An album constitutes audio recordings (or a single audio recording) with a playing time of over 25 minutes or of five (5) different songs or more. Videos or previously nominated tracks included on an album will not be considered when determining the duration of the album or the total number of tracks on an album.
- L.** A single is an individual recording and may have been released as part of a physical or digital album, a physical single, a digital bundle or as an individual digital track.
- M.** An individual recording only made commercially available as part of an album or EP is eligible for single of the year only if a

video of the recording was produced and first serviced to New Zealand television channels within the eligibility period (1 August 2019 to 31 July 2020). In these cases the single release date will be determined by the date the video was first serviced to broadcasters, not the date the recording was first made available for commercial sale.

Aside from individual digital recordings covered under clause M (above), entries for Single of the Year must have been first commercially released within the eligibility period. Promotional copies or digital tracks only ever made available 'free to the consumer' are ineligible.

## **7. NOMINEES**

### **ALL NOMINEES:**

- A. Must be New Zealand citizens (by birth or citizenship); or
- B. Have been granted permanent residency in New Zealand; or
- C. In the case of groups, a minimum of half of the number of members in the group must qualify under 2(a) or 2(b) above\*.

## **8. INELIGIBILITY**

All entries will be reviewed for eligibility by the eligibility sub-committee of the New Zealand Music Awards committee. The committee reserves the right to make final judgement on category, artist and product eligibility.

The eligibility sub-committee will provide notice citing reasons for any entries being deemed ineligible. The entrant will have five (5) days from such notice to respond, at which time the eligibility sub-committee will review the entry and make a final decision.

## **9. CATEGORIES & DEFINITIONS**

- a) Five (5) categories are judged by 'The Academy', which consists of more than 150 representatives from various sectors of the music industry.
- b) Fifteen (15) categories are judged by specialised 'voting schools', which consist of an optimum of ten (10) representatives (but no less than five representatives) from that genre or sector of music.
- c) Two (2) categories are determined by data supplied by the Official New Zealand Music Charts compiler.

- d) Two (2) categories are judged by the Recorded Music NZ board and awarded at its discretion.
- e) A scrutineer appointed by the New Zealand Music Awards committee will tabulate the votes. The scrutineer will report directly to the New Zealand Music Awards committee in absolute confidence.
- A sales performance weighting of 30% is factored into the judging process for the following categories: Album of the Year, Single of the Year, Best Group, and Best Solo Artist.
  - The sales performance information will be compiled and supplied to the scrutineer by the official NZ Music Chart Compiler, which collects that data from retailers throughout NZ. In order to compare sales fairly and accurately between nominated releases only the first four weeks of sales will be used. Assuming that the album or single is firstly eligible for awards consideration, the first four weeks sales period will not be limited by the eligibility period of the awards.
  - The scrutineer will apply this weighting to the votes once the judging process has been completed.
  - For the awards categories not mentioned above, judges will be instructed to consider every aspect of an eligible release including sales. The sales performance weighting will not be applied in those categories.
- f) Recorded Music NZ reserves the right to rule any nomination for a genre category ineligible, at its own discretion, on the basis that the nominated recording is not appropriate or relevant to the genre category in which it has been nominated. In any such instance, Recorded Music NZ will advise the nominator of this decision and advise the nominator which alternative genre category the recording should be nominated in. The nominator will then be entitled to lodge a nomination for that recording in that advised genre category within 48 hours of receiving notice from Recorded Music NZ, even if the nomination period has closed.

### A. HIGHEST SELLING NEW ZEALAND ARTIST | TE TOA HOKO TEITEI
